

# Help our Workcampers and our Earth!

Our Mission Trip workcampers invite you to place your paper recycling in the big Green and Yellow bin in the rear of our parking lot beside the trash dumpster. The workcampers have teamed up with Paper Retriever Recycling to collect your recyclable paper, earning money for each ton of paper that is recycled. The more tons we recycle per month, the greater the support for our workcampers!

*Make Recycling part of your Sunday morning routine.* Drop off your recycling on your way into church — you'll have done something good for yourself, our workcampers, and the earth!

You don't need to lift the heavy lid on the front of the bin — just drop your paper through the "porthole" openings on the side!
